Subject: Enhancing Our Community with Fiber Optic Cable Installation

Dear Residents,

We hope this message finds you well. We are writing to inform you about an exciting project, currently underway, that will undoubtedly enhance our community's connectivity and overall quality of life: the installation of a fiber optic cable within our borough.

In today's increasingly digital world, access to reliable, high-speed internet is no longer a luxury but a necessity. Whether it's for remote work, online education, telemedicine, or simply staying connected with loved ones, a fast and stable internet connection has become integral to our daily lives.

The introduction of a fiber optic cable infrastructure within the borough represents a significant investment made by Frontier Communications in our community's future. Fiber optic technology offers unparalleled speed and reliability, capable of delivering internet speeds that far surpass those of traditional broadband connections.

We understand that any major infrastructure project may cause temporary inconveniences, such as construction disruptions or road closures. However, we assure you that every effort will be made to minimize any disruptions and ensure that the installation process is as smooth and efficient as possible.

Here are the key aspects of the project:

Who: Project Investor – Frontier Communications
Project Contractor – Communications Infrastructure (CI) Services LLC, Birdsboro PA
100 E. Benjamin Franklin Hwy., Unit A. Birdsboro PA 19508
610-205-1614

What: Installation of Fiber Optic Cable Infrastructure

Where: Impacted Streets for Buried Conduit/Fiber Include:

Leesport Ave.
Miriam Ave.
Degler Ave.
Grant St.
Oak St.

Elm St.
Pine St.
Linden St.
Reeser St.
Abbey Ln.

Crest Rd.
Earl Rd.
Fox Rd.
Conifer Rd.
Reservoir Cir.

When: Construction is currently underway and is expected to last 4 to 6 weeks.
The contractor will make every effort to notify residents of when work will be conducted.
Door hangers and information flyers will be distributed in advance by the contractor.

In a recent meeting with the contractor, they've assured us that properties will be restored whole upon completion of the project. Should you have any questions or concerns, we, and the contractor, Communications Infrastructure, request that you contact them directly at 610-205-1614. If your concerns are not addressed within a reasonable amount of time, please contact the borough either by email at leesportboro@comcast.net or by phone at 610-926-2115

As we look toward the future, let us embrace this opportunity to propel our community forward into a new era of connectivity and prosperity.

In closing, we extend our deepest gratitude to each member of our community for your patience and cooperation during this time. Together, let us seize this opportunity to transform our infrastructure and unlock new possibilities for generations to come

With sincere appreciation,

Leesport Borough
